

# Pre-Launch Boat and Trailer Inspection Guide

**Propellers**—Always repair damaged props and carry a spare. Recommend propeller upgrades to stainless steel.

**Catalog reference:**  
**McDurmon Propeller Sections . . . . . Pages 191-296**

**Steering Systems**—Check for free movement, wear, and corrosion. Replace don't repair. Bent or worn cables are a safety hazard.

**Catalog reference:**  
**McDurmon Steering Section . . . . . Pages 313-326**

**Controls & Cables**—Make sure they work smoothly and are correctly adjusted. Bent or worn cables are a safety hazard.

**Catalog reference:**  
**McDurmon Control Section . . . . . Pages 41-52**

**Lighting**—Replace burned-out bulbs and damaged fixtures. Inspect wiring and fuses. Check for U.S. Coast Guard compliance.

**Catalog reference:**  
**McDurmon Electrical Section . . . . . Pages 61-68**  
**Sierra Catalog . . . . . See Sierra Table of Contents Switch & Electrical Products for page numbers**

**Gauges**—Inspect for accuracy and function. Recommend adding a temperature gauge to all outboard engines

**Catalog reference:**  
**Sierra . . . . . Pages 2-21**  
**See Sierra Table of Contents Gauge Section for Page Numbers**

**Fluids**—Check engine, drive units, and trim system for proper level and contamination. Advise your customer to keep extra lubricant on board at all times.

**Catalog reference:**  
**McDurmon Lubricant Section . . . . . Pages 173-178**  
**Sierra Catalog, Sierra Marine Section . . . . . Pages 134-244**  
**See Table of Contents Accessories/Miscellaneous**

**Fuel**—Look for leaks and fuel line deterioration. Fuel leaks are a very serious safety hazard.

**Catalog reference:**  
**McDurmon . . . . . Pages 161-172**  
**Sierra Catalog . . . . . See Table of Contents**  
**Sierra Marine Section Accessories/Miscellaneous**

**Bilge Pump and Blowers**—Test for proper operation. Recommend an automatic bilge switch.

**Catalog reference:**  
**McDurmon Plumbing Section . . . . . Pages 188-189**

**Trailer Wheel Bearings**—Grease or replace bearings. Check the condition of all tires, safety chains, and trailer couplers.

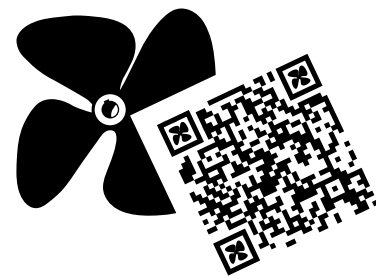

**Catalog reference:**  
**McDurmon Trailering Section . . . . . Pages 347-360**  
**Sierra Catalog . . . . . Starting on Page 53. See Sierra Switch & Electrical Products for page numbers**

**Fenders and Dock Lines**—Keep your customers boat clean and safe this season. Don't forget anchor lines and dock lines.

**Catalog reference:**  
**McDurmon Anchoring/Docking Section . . . . . Pages 19-24**

**Motor**—Tune up, replace drive belts, check and replace leaking gaskets.

**Catalog reference:**  
**Sierra . . . . . Throughout catalog**
